

NIPISSING-PARRY SOUND CATHOLIC DISTRICT SCHOOL BOARD

ACCESSIBILITY STANDARDS FOR STUDENT TRANSPORTATION SERVICES

S 19.1
2014 06 06

PURPOSE:

Our Catholic School Board community respects, builds upon, and indeed celebrates the uniqueness of the individual, who is created in God's image. The Nipissing-Parry Sound Catholic District School Board (NPSC) strives to ensure that key principles of independence, dignity, integration and equality of opportunity are reflected and valued in our learning and working environments. As such, NPSC is committed to ensuring that students with disabilities have the same opportunity of access to our services in a similar way as these services are available to all others we serve. We are committed to meeting, in a timely manner, the accessibility needs of students with disabilities in the provision of services related to student transportation.

POLICY STATEMENT:

In accordance with our Gospel values and the Church's teachings, it is the policy of the Nipissing-Parry Sound Catholic District School Board to ensure that accessible school transportation services are provided for students with disabilities in a manner that meets their unique needs and ensures their safety. Where appropriate and practicable, integrated accessible school transportation services will be provided.

The provision of accessible student transportation services will include the development of an individual student transportation accessibility plan (ISTAP) for each student who has a disability that affects their transportation to and from school. The plan will be developed by the Nipissing-Parry Sound Catholic District School Board Special Education Services in collaboration with the Transportation Provider and in consultation with the student's parents or guardians.

The Nipissing-Parry Sound Catholic DSB provides student transportation through a contract of services with the Nipissing-Parry Sound Student Transportation Services (NPSSTS).

DEFINITIONS:

Individual Student Transportation Accessibility Plan is a plan that provides details of the arrangements that meet the transportation needs of an individual student who has a disability.

Operator means the driver of the school transportation vehicle.

Transportation Provider is an entity or person who has entered into an agreement with the board for the transportation of students in accordance with the Education Act.

Transportation Services means transportation that a board provides for students in accordance with the Education Act.

ADMINISTRATIVE PROCEDURE:

1. Responsibility

- 1.1 The Board will ensure that the provisions of this Administrative Procedure are in place by January 1, 2014.
- 1.2 The Superintendent responsible for Special Education and the Student Transportation Manager, or his/her designate will ensure that the provisions of this administrative procedure are implemented.

2. Individual Student Transportation Accessibility Plans (ISTAP)

- 2.1 The Superintendent responsible for Special Education, or his/her designate, will in consultation with parents or guardians and schools, annually identify and review students with disabilities who require special transportation services.
- 2.2 Such review will occur each spring prior to the school year and throughout the year for new requests following the operational procedure outlined in the Nipissing-Parry Sound Student Transportation Services Special Transportation policy (NPSSTS AC-001-1).
- 2.3 Following consultation with parents or guardians, the Superintendent responsible for Special Education, or his/her designate, will work with the Student Transportation Manager, or his/her designate, to develop a student transportation accessibility plan for each student with a disability who requires specialized and specific transportation services. (See AC-001-1)

3. Content for Individual Student Transportation Accessibility Plans (ISTAP)

- 3.1 A student transportation accessibility plan shall, in respect of each student with a disability requiring specific transportation services, include the following:
 - i. Details of the student's assistance needs with respect to transportation to and from school.
 - ii. Provisions for the boarding, securement and debording of the student as applicable.

4. Communication of Responsibilities re: Student Transportation Accessibility Plans

- 4.1 The Superintendent responsible for Special Education and the NPSSTS Student Transportation Manager or his or her designate, will identify and communicate roles and responsibilities with regard to the implementation of the individual school transportation plan to the following:
